

LOCAL, ORGANIC AND SEASONAL FOOD  
FROM THE PLAINS OF CAMDEBOO

## *prickly pears & pomegranates*

The Palmer family has lived on the farm Cranemere, in the middle of the isolated expanse of the Great Karoo, for over a century. On Cranemere, the need to cook in accordance with the seasons has shaped a culinary tradition in which the art of creative improvisation is paramount, and each generation of Palmer women has brought unique elements and influences to today's Karoo flavours. The recipes in *Prickly Pears & Pomegranates* have been garnered from five generations of women in the Palmer family, and the result is that there is something for everyone in this book, from the exotic to the familiar. Find comfort in dishes like guinea fowl pie, nostalgia in a farm-style pot-roasted chicken and pleasure in the vibrant colour of a dessert of crushed pomegranate seeds with rose water. *Prickly Pears & Pomegranates* is a book about food as it should be: seasonal, simplified and full of flavour.
